

Ballot Stock Offering

With election season in full swing, Domtar Paper is excited to offer a wide variety of papers that are either qualified or suitable for ballot stock applications. Our products are proudly made in the U.S. and Canada and offer consistent performance on a variety of voting equipment.

Key Attributes:

- Excellent opacity to minimize show-through
- Ideal for post-processing applications including folding, scoring and perforation
- Excellent toner adhesion for digital printing

Qualified paper

Certified by Dominion

- LynxJET® 80 lb. and 100 lb.
- VividJET® 32 lb. and 40 lb.

Suitable paper

Ranging from 80 lb. to 110 lb. text on:

- Cougar®
- Lynx® Opaque Ultra
- Husky® Opaque Offset
- EarthChoice® Colors Index White

Domtar offers papers that are qualified by some of the OEMs as well as papers that are suitable for ballot stock applications.

Available when and where you need it.
